*Tentative Timeline

Zoom Phone

Desktop Client

Home Screen

- ✓ Start a **New Meeting**.
- ✓ **Join** a meeting.
- ✓ **Schedule** a meeting.
- ✓ **Share Screen** to display on a nearby screen.
- ✓ View a list of today's upcoming meetings.
- ✓ Click your **Profile Picture** to open **Settings**, **Check for Updates**, and more.

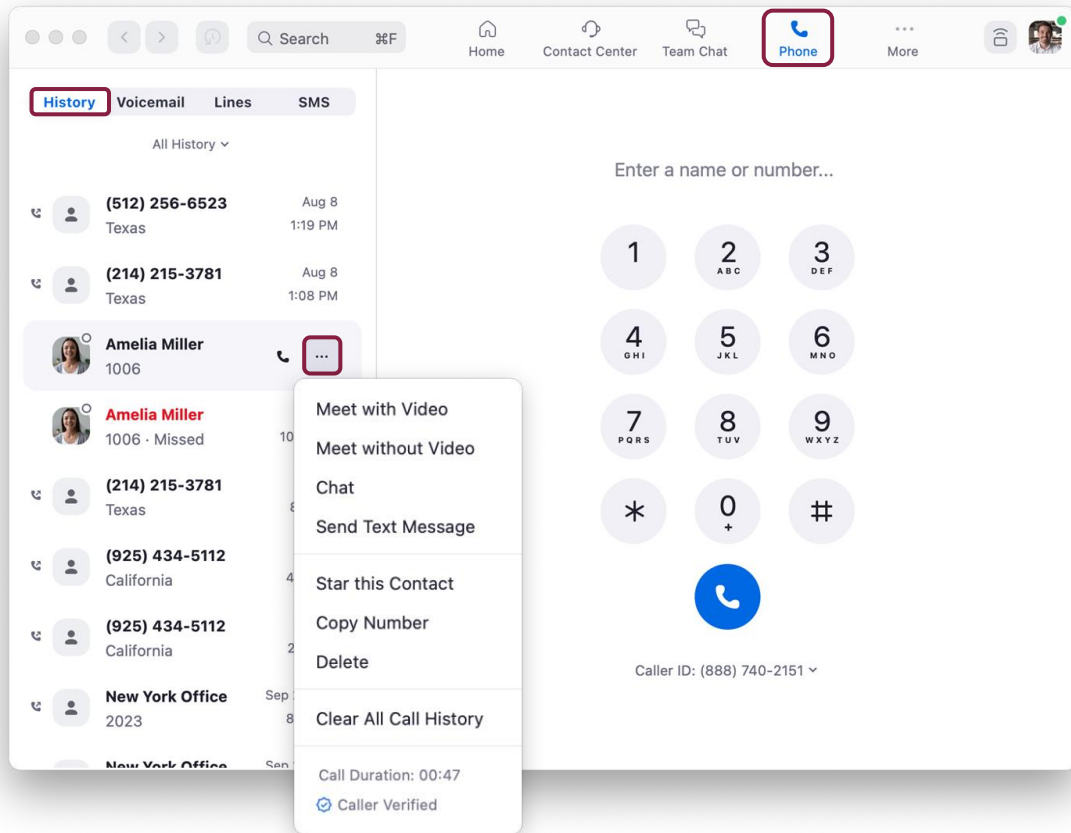

Desktop Client

Phone Tab:

Under the **History** tab, see your call history over a certain period of time.

Hover over a call to bring up the **Phone** icon (call back) **...** to bring up additional settings.

Desktop Client

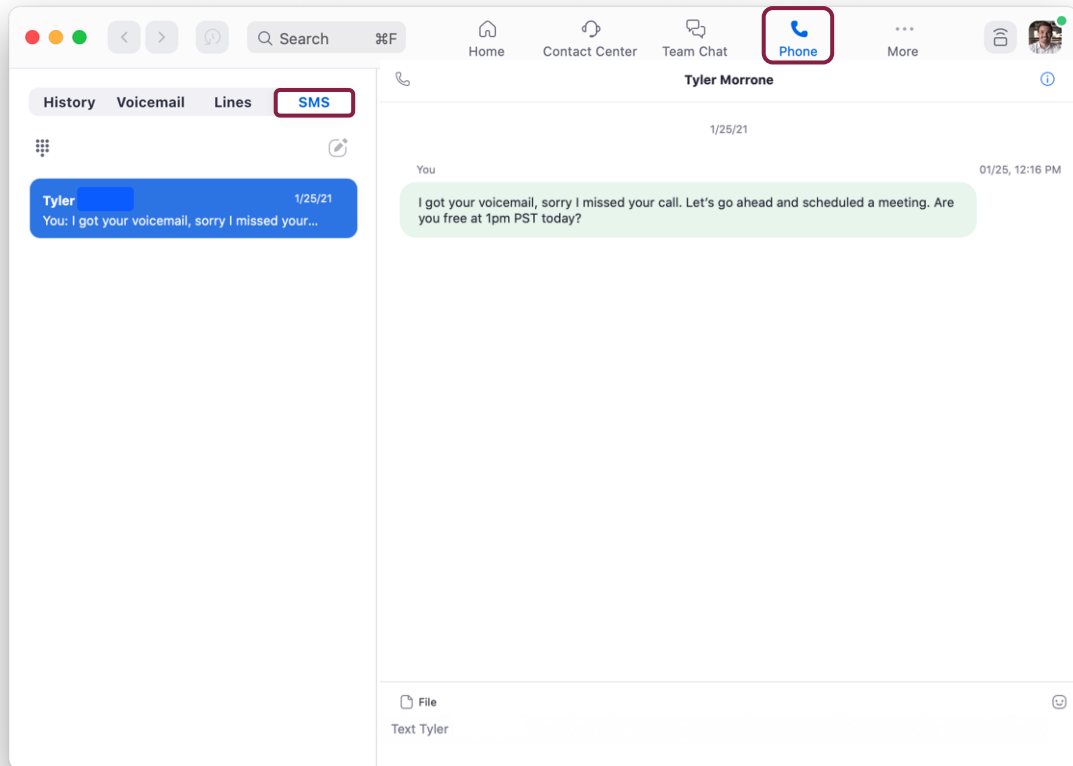

Phone Tab: SMS

Click **SMS** to send a text message.

To create a new text, click the **pencil icon**.

Enter in the contacts name or phone number you want to text.

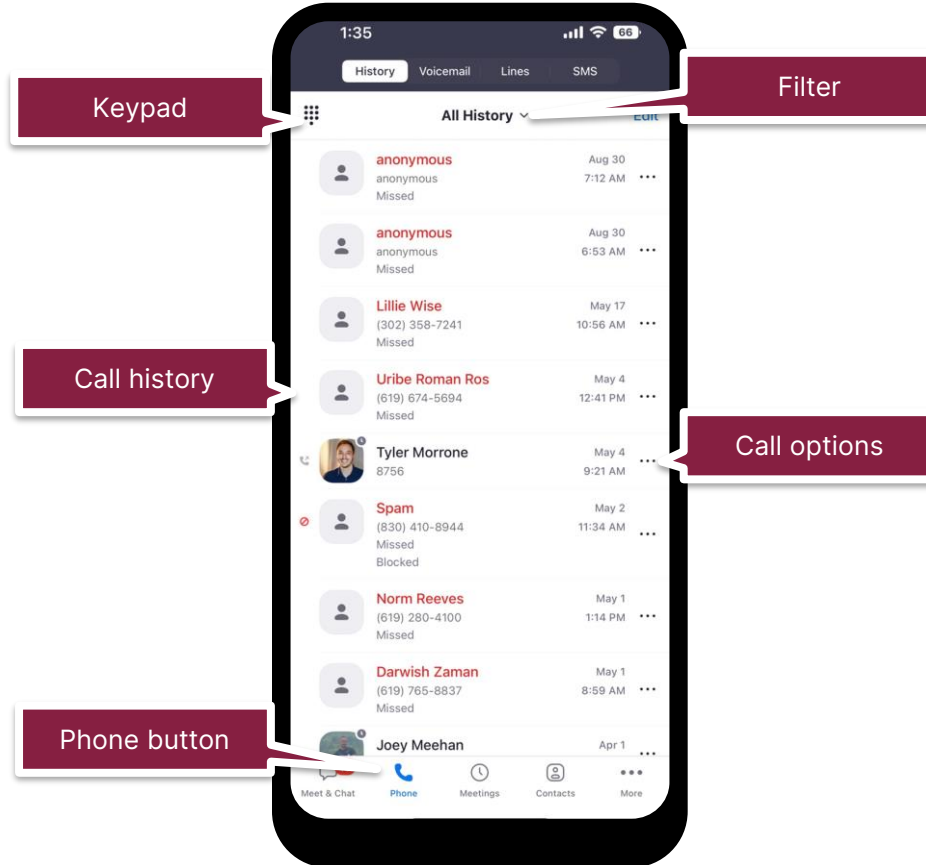

Enter your message, attach a file or emoji and click enter.

Mobile Clients

Supported on:

Android
iPhone
iPad
MacOS
Windows

Powered by Zoom

A screenshot of a web browser displaying the Zoom portal settings page for a phone extension. The browser address bar shows 'zoom.us/pbx/page/telephone/myZoomTelephony#/my-cloud-phone/settings'. The page has a dark blue header with the Zoom logo and navigation links. A left sidebar contains a menu with 'PERSONAL' and 'ADMIN' sections. The 'PERSONAL' section is expanded to show 'Phone' settings. The main content area displays various settings for the phone extension, including Site, Package, Number(s), Extension Number, Emergency Address, Outbound Caller ID, Country/Region, Area Code, Call Handling, and Call Handling Ring Mode. Several settings are highlighted with red boxes: 'Settings' in the top navigation, 'Personal Emergency Address' in the Emergency Address section, and 'Sign in' in the left sidebar. A blue chat bubble icon is visible in the bottom right corner of the page.

Desk Phone Solutions

Supported device evaluations focus on **security** and **functionality**.

Common area phones: Poly Edge E220

Standard users: Poly Edge E350

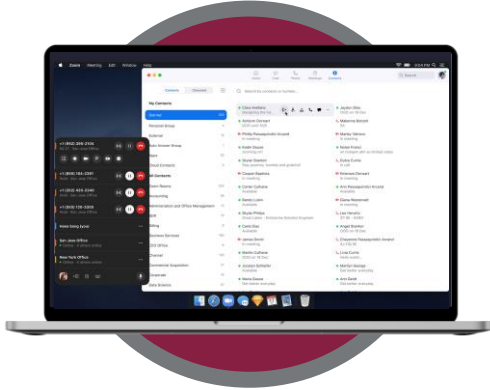

Advanced users: Poly Edge E450

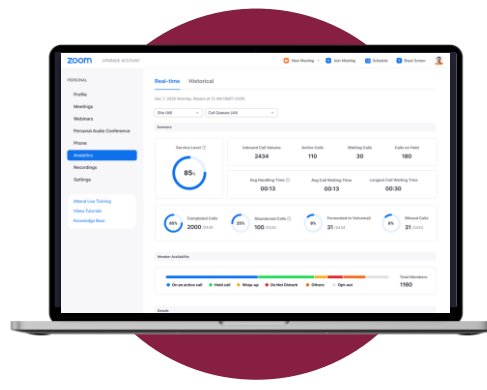

Zoom Contact Center

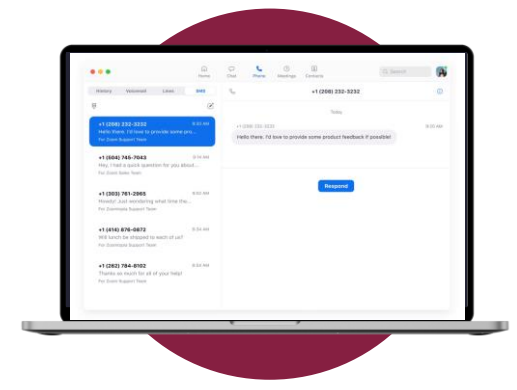

Power Pack

Call Handling UX
(higher call volume/rapid transfer)

Advanced CQ Analytics
(real-time & historical, wallboards)

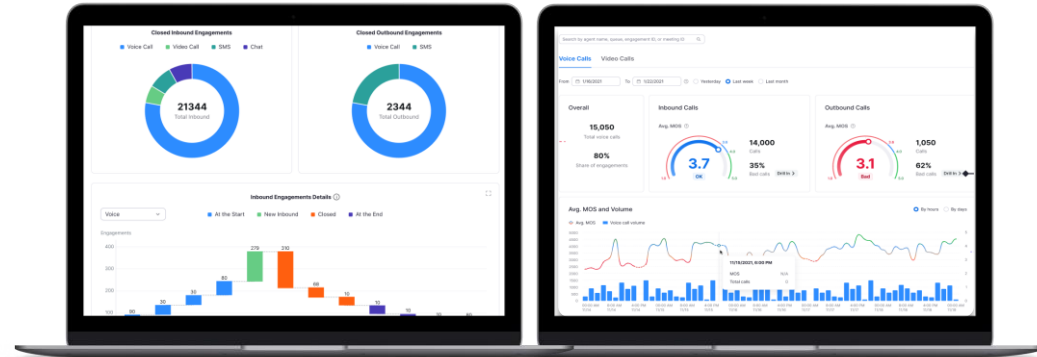

Team SMS
(handoff text messages in a queue)

Insightful analytics and reporting

Empower supervisors with insights to improve contact center performance

- Comprehensive dashboard for real-time and historical reporting
- Manage, monitor, and measure agent productivity and customer service levels
- Analytics for queues, agents, current interactions, active calls, duration, average hold time, and more

Real-time and historical reporting
